Laboratory Testing Equipment for Medical / Pharmaceutical

Description

Applications in the medical and pharmaceutical industry

Testing Equipment for

Biomaterials and Clinical Research

AHP PLASTIK MAKINA

Properties of Regenerative & Artificial Materials
Reserach on Human, Animal & Replacement Materials

AHP PLASTIK MAKINA

Testing Equipment for
Catheters and Stents

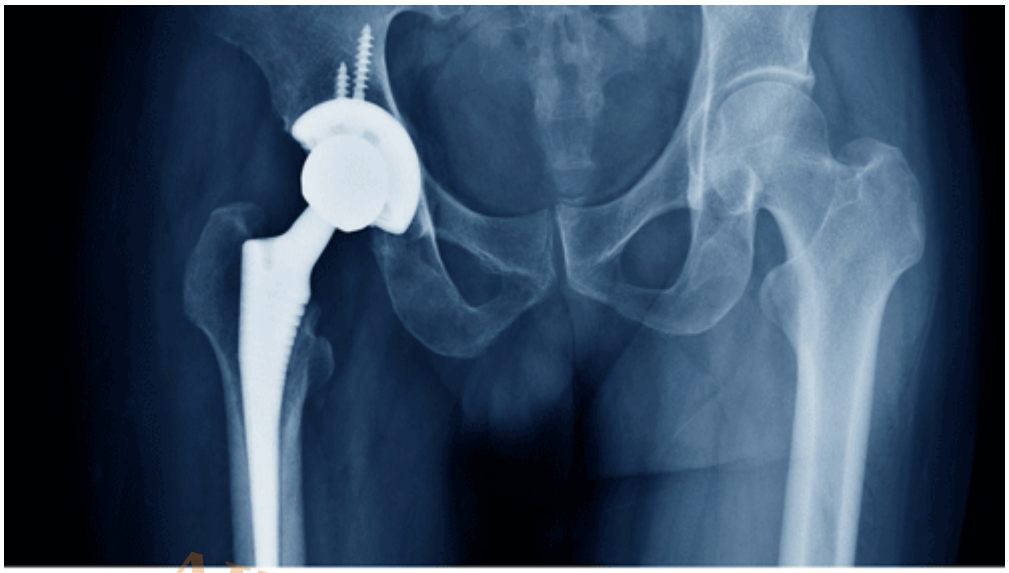

AHP PLASTIK MAKINA

Testing Equipment for Dental Industry

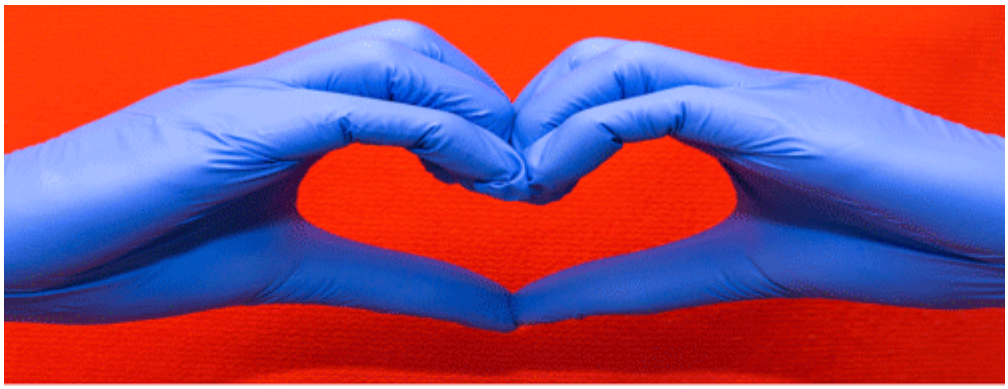

Testing of Ceramics & Metal Composite Materials
Fatigue Strength of Dental Implant
Adhesive Bonds

AHP PLASTIK MAKINA

Testing Equipment for Hip Implants Biomechanics Orthopedics

Static and Dynamic Tests on the
Acetabular Stem
Femoral Head
Acetabular Cup and Inlay

Testing Equipment for

Latex, Rubber, Silicone

AHP PLASTIK MAKINA

- Bottle Seals
- Pacifiers
- condoms
- Diaphragms
- Rubber Gloves
- Masks
- Protective Covers
- Seals
- Plugs
- Tubes
- Toothbrushes
- Contact Lenses

Testing Equipment for Medical Packaging

AHP PLASTIK MAKINA

Testing Equipment for
Medical Textile Products

AHP PLASTIK MAKINA

- Wound Dressings
- Plasters
- Bandages
- Suture Material
- Surgical Drapes
- Garments

AHP PLASTIK MAKINA

Category

1. Equipment for Standards
2. Standards
