

Wax Oil Content Tester

Description

- According to standard ASTM D721
- Evaporation device 1PC
- Cooling bath 1PC
- Hot bath 1PC
- Filter tube 4PCS
- Conical weighing bottle 4PCS
- Glass pipette 4PCS
- Low temperature thermometer
- Normal temperature thermometer
- Metal stirrer 1PC
- MTC 1PC
- Training Video
- Temperature of melting bath: room temperature~90±5°C
- Cold bath temperature: -35°C±1°C
- Digital timer included
